## Versakut 7227

Full Synthetic Multi-Purpose Coolant

### INCREASING PROFITABILITY THROUGH SOLUTIONS-DRIVEN CHEMICAL TECHNOLOGY

#### Description:

Versakut 7227 is a high-performance, multi-purpose full-synthetic coolant engineered for a wide range of machining applications, including grinding, milling, CNC operations, and more. Formulated with a robust biostatic lubrication package, Versakut 7227 offers superior resistance to breakdown and selective depletion, ensuring long-lasting, reliable performance under demanding conditions. Its advanced formula not only enhances cutting efficiency but also promotes optimal surface finish and tool life. As a cost-effective solution, Versakut 7227 significantly extends CNC sump life, reducing maintenance costs and downtime while maintaining excellent cooling and lubrication properties throughout the entire machining process.

#### Applications:

For heavy machining - Use 10% concentration.

For light machining - Use 5% concentration.

Advantages: Can be used for virtually all machining operations. Long emulsion life. Reduced overall cost. Safe and pleasant to work with. Less need for coolant maintenance. Fewer disposal problems. Free from nitrites and phenols.

#### Product Safety:

Versakut 7227 is safe on all ferrous metals and magnesium. For use on aluminum, zinc, or other soft metals an additional inhibitor may be needed to prevent staining.

Note: Always use JEDI's Machine Klean XL for a fast and thorough pre-cleaning to your machine tool and coolant systems.

#### PRODUCT PROPERTIES

<b>Appearance</b>	Reddish Liquid
<b>pH Conc.</b>	10.4 +/- 0.6
<b>Specific Gravity</b>	1.03 - 1.05

#### PACKAGING CONFIGURATIONS

- 5 Gallon Pails
- 55 Gallon Drums
- 275 Gallon Totes

#### STORAGE & HANDLING

- Packaged in Polyethylene Containers
- Store Inside at Room Temperature in Original Container
- Standard Chemical Handling Practices
- Shelf Life of ~2 Years in Sealed Containers

See SDS for complete safety recommendations.
