

Product DATA BULLETIN

Metal Medic 5 (7352) Rust Inhibitor

INCREASING PROFITABILITY THROUGH SOLUTIONS-DRIVEN CHEMICAL TECHNOLOGY

Description:

Metal Medic 5 is a liquid, organic rust preventative engineered to deliver maximum corrosion protection while leaving minimal residue on finished parts. Fully water-soluble and free from petroleum and petroleum by-products, it provides a clean, environmentally conscious solution for rust prevention in metalworking and finishing applications.

Applications:

Metal Medic 5 can be used in almost any finishing or in-process operation. This includes wet-tumbling, vibratory flow-through systems, barrel finishing and dip tank operations. Parts should be dried after application.

Concentration:

Metal Medic 5 can be used at 1% -3% concentrations for most applications followed by drying.

For castings, we recommend 5% concentrations.

PRODUCT PROPERTIES

Appearance	Clear, Red Liquid
pH 5%	9-10
Odor	Neutral
Foaming	None
Rinsing	Not Recommended
Specific Gravity	1.02 - 1.06

PACKAGING CONFIGURATIONS

- 5 Gallon Pails
- 55 Gallon Drums
- 275 Gallon Totes

STORAGE & HANDLING

- Packaged in Polyethylene Containers
- Store Inside at Room Temperature in Original Container
- Standard Chemical Handling Practices
- Shelf Life of ~2 Years in Sealed Containers

See SDS for complete safety recommendations.
