## Metal Medic 7915

Cleaner / Rust Inhibitor

INCREASING PROFITABILITY THROUGH SOLUTIONS-DRIVEN CHEMICAL TECHNOLOGY

### Description:

Metal Medic 7915 is a versatile solution specially formulated for steel parts, offering a powerful combination of heavy-duty cleaning, rust protection, and a smooth, bright finish. It works effectively with abrasive media to produce a matte finish or with non-abrasive media for a bright, polished result. Metal Medic 7915 is designed to complement the media's action, ensuring seamless performance without interference. This makes it the perfect choice for use in automated flow-through machines, delivering consistent, high-quality results every time.

### Applications:

Metal Medic 7915 can be used in wet tumbling vibratory flow-through systems and as a separate rust inhibitor for final operations. (Metal Medic 7915 applied at .75% - 1% solution rates and dried will give corrosion protection of 100 - 300 hours in humidity cabinet testing.)

#### PRODUCT PROPERTIES

<b>Appearance</b>	Colorless to amber
<b>pH 5%</b>	10.5 - 11.5
<b>Odor</b>	Mild
<b>Foaming</b>	Medium
<b>Rinsing</b>	Water Bead Surface
<b>Hard Water Stability</b>	up to 500 ppm
<b>Specific Gravity</b>	1.050 - 1.090

#### PACKAGING CONFIGURATIONS

- 5 Gallon Pails
- 55 Gallon Drums
- 275 Gallon Totes

#### STORAGE & HANDLING

- Packaged in Polyethylene Containers
- Store Inside at Room Temperature in Original Container
- Standard Chemical Handling Practices
- Shelf Life of ~2 Years in Sealed Containers

See SDS for complete safety recommendations.
