

Product DATA BULLETIN

Vibra Brite 7091GT

Mild Acid Cleaning/Brightening Compound

INCREASING PROFITABILITY THROUGH SOLUTIONS-DRIVEN CHEMICAL TECHNOLOGY

Description:

Vibra Brite 7091GT is a mild acid cleaning and brightening solution designed for use in vibratory and other mass finishing machines. At appropriate concentrations, it efficiently removes heat treat scale and quench oils, making it particularly effective on oily parts. Free from glycol ethers, this product provides a safer and environmentally conscious cleaning option while delivering exceptional results in industrial cleaning applications.

Applications:

Vibra Brite 7091GT can be used in wet vibratory flow through systems with ceramic media. RMA is achieved by proper selection of media and lubricity provided by Vibra Brite 7091GT.

After removal of soils and scale, the parts can be finished with Vibra Finish 9041, for oxidation protection and degree of polish needed.

PRODUCT PROPERTIES

Physical Form	clear liquid
Odor	mild
Specific Gravity	1.023 - 1.043
Bulk Density	8.6 lbs/gal +/- 0.2 lbs
Flash Point	none
Foaming	none
pH 5%	1.8 - 2.2
Hard Water Stability	up to 400 ppm

PACKAGING CONFIGURATIONS

- 5 Gallon Pails
- 55 Gallon Drums
- 275 Gallon Totes

STORAGE & HANDLING

- Packaged in Polyethylene Containers
- Store Inside at Room Temperature in Original Container
- Standard Chemical Handling Practices
- Shelf Life of ~2 Years in Sealed Containers

See SDS for complete safety recommendations.
